

## SPECIALTY CLASS PROGRAM DESCRIPTIONS 2010-2011

### Kidz Create Theater & Acting Classes

**Ages 6-8    MAX 10 Students**

**Kidz Acting Up!** *12 weeks/ 1 class per week:* If you have a little one who yearns to perform, this class is for you! Kidz Acting Up! covers the acting portion of our Kidz Create! Specialty Classes, and is geared towards expanding the creative capacities of tiny performers. Using stories children all over the world know and love, such as Little Red Riding Hood and tales by Dr. Seuss, the students will explore the physical and emotional life of characters at an age-appropriate level. Through games and activities the young players will learn the basics of acting as they discover for themselves how different characters move, sound, feel, and think. With all these tools, soon your kids will be acting up on Broadway!

**Kidz on Broadway!** *12 weeks/ 1 class per week:* A Music Theater class for little vocalists, Kidz on Broadway! focuses on developing your child's Broadway repertoire. If your child loves to sing and act, then this class is for you! Students will learn old and new favorites straight from the Great White Way, taught in a fun and exciting environment for young performers. You will find yourself humming along with the Broadway standards you know so well, but your child is singing for the first time.

### General Specialty Theater & Acting Classes

**Ages 9-16    MAX 12 Students**

**Characterization,** *12 weeks/ 1 class per week:* Do you understand what is needed to portray a truly honest emotional and physical character on stage? This class will teach you a tried-and-true method to approaching a role that will manifest itself in a more magnetic performance onstage. Using the Stanislavsky system, you will learn how to touch an audience by transforming your voice, face, and body into that of a specific character.

**Music Theater Acting,** *12 weeks/ 1 class per week:* To act while singing and dancing, a performer needs different skills than when acting in straight theater. This course will teach young actors how to approach a song as if it were a monologue, as well as how to perform while singing and/or dancing without looking (or feeling) silly!
